If you do not agree to the authorization, this function cannot be used, but it will not affect your use of this product. For other functions of the product, the user decides whether to authorize it or not. If you refuse to provide permission, you will only be unable to use this function, but it will

not affect your normal use of other functions of this product. At the same time, you can cancel this permission at any time through the relevant function settings. However, when you cancel the authorization, we will no longer collect the information, and we will no longer be able to provide you with the above-mentioned corresponding services; but unless you delete your information in accordance with the law, your cancellation will not affect Our processing and storage of information based on your previous authorization.

### 1.2.8 Information from third parties

We may obtain your personal information from third parties where permitted by law. E.g:

- For security and anti-fraud purposes, for specific accounts, financial transactions and other services, verify your information (such as phone numbers) through legitimate sources with your authorization;
- Provide you with corresponding advertising services through a designated unique identifier (such as an IMEI number obtained from an advertiser);
- We may also obtain certain information from third-party social networking services, such as accounts, nicknames (for example, when you log in with a social networking account);

### 1.2.9 Non-Personal Information

We may also collect other information that cannot identify a specific individual and is not personal information according to applicable local laws, such as statistical data generated when you use specific services, such as anonymous device-related information, daily activity events, page access events, and page access time. Events, session events; network monitoring data such as request duration, number of requests and bad requests, etc.; and application crash events. The purpose of collecting this information is to improve the services we provide to you. The type and amount of information collected depends on how you use our products or services.

We collect information such as unique device identifiers, device models, system version numbers, etc., related to your activity on our website or mobile application. We aggregate this information to help us provide our customers with more useful information about which parts of our website, products or services are of most interest to our customers. Aggregated data is considered non-personal information for the purposes of this Privacy Policy. If we use non-personal information in combination with personal information, such information will be considered personal information for the duration of the combination.

## 2. How we use your information

The purpose of collecting personal information is to provide you with products or services and to ensure that we comply with applicable relevant laws, regulations and other normative documents. We may use the information collected above for the following purposes:

2.1 to provide, process, maintain, improve, develop our products or provide services to you, such as delivery, verification, feedback, customer support and advertising;

2.2 When we provide services, for identity verification, customer service, security prevention, fraud monitoring, archiving and backup purposes, to ensure the security of the products and services we provide to you;

2.3 Internal purposes such as data analysis, research and development of statistical information related to the use of our products or services to better improve our products or services;

2.4 to help us design new services and improve our existing services;

2.5 Perform software verification and upgrade services;

2.6 When providing specific services in response to the special requirements of users, it is necessary to provide information to our affiliates, third parties or other users;

2.7 Other situations that do not violate any mandatory laws and regulations;

2.8 to allow you to participate in surveys about our products and services;

2.9 To store and maintain information about you for the purposes of our business operations (such as business statistics) or to fulfill legal obligations;

## 2.10 Other purposes with your consent.

### 3. We promise

3.1 We will not show you ads based on sensitive categories such as race, religion, sexual orientation or health;

3.2 We will not share information that can be used to personally identify you, such as your name or email address, with advertisers (unless with your authorization);

3.3 Your personal information will not be sold to any third party at any time and under any circumstances, and we will only use the information obtained under this agreement to the extent permitted by law. We will formulate strict policies to protect your personal information, and will not disclose or provide your personal information to third parties unless we obtain your authorization in advance or as otherwise provided in this statement.

4. The third-party services in this product are provided by external third-party entities, and this product cannot obtain information generated when you use such third-party services. However, if you have expressly agreed to the third party to obtain your geographic location information, the third party will obtain your terminal geographic location information through the interface of this product. This information is sensitive information, and refusal to provide this information will only prevent you from using the above-mentioned third-party services, but will not affect your normal use of this product.

In addition, according to relevant laws, regulations and national standards, we may collect and use your personal information without your authorization and consent in the following situations:

4.1 Those directly related to national interests such as national security and national defense security; those directly related to major public interests such as public security, public health, and public awareness;

4.2 Directly related to criminal investigation, prosecution, trial and execution of judgments;

4.3 In order to protect your or other personal life, property, reputation and other major legitimate rights and interests, but it is difficult to obtain my consent;

4.4 The collected personal information is disclosed to the public by you;

4.5 Collecting personal information from legally publicly disclosed information, such as legal news reports, government information disclosure and other channels;

4.6 Necessary to enter into and perform a contract at your request;

4.7 Necessary for maintaining the safe and stable operation of the products or services provided, such as finding and dealing with faults in the products or services;

4.8 Necessary for legitimate news reporting;

4.9 When it is necessary to carry out statistical or academic research in the public interest, and when it provides the results of academic research or description to the outside world, the personal information contained in the results is de-identified;

4.10 To complete a merger, division, acquisition or transfer of assets;

4.11 Other situations stipulated by laws and regulations.

Please understand that the functions and services we provide to you are constantly updated and developed. If a function or service is not in the above description and your information is collected, we will use page prompts, interactive processes, website announcements, etc. The content, scope and purpose of information collection will be explained to you separately to obtain your consent.

Please note that at present this product will not actively obtain your personal information from third parties outside this product. If it is necessary to indirectly obtain your personal information from a third party for business development in the future, we will clearly indicate to you the source, type and scope of use of your personal information before obtaining it. The scope of authorization and consent when third parties provide personal information, we will obtain your express consent before processing your personal information; in addition, we will also strictly abide by relevant laws and regulations, and require third parties to protect their The legality of the information provided.

7. We will not provide your sensitive personal information to anyone without your consent.

## 8. Anonymization of personal information

After collecting your personal information, we will anonymize the data in a timely manner through technical means. On the premise of not revealing your personal information, this product has the right to mine, analyze and use (including commercial use) the anonymized user database, and have the right to make statistics on the use of products/services and communicate with the public/third party. Three parties share desensitization statistics.

## 2. How we use cookies and similar technologies

Cookies are small files containing strings of characters that are sent to your computer when you visit a website. Cookies allow the website to recognize your browser when you visit the website again. Cookies can also store user preferences and other information. You can reset your browser to refuse all cookies, or to be prompted when cookies are being sent. However, some website features or services may not function properly without cookies.

Cookies and similar technologies are commonly used technologies on the Internet. When you use related services, we may use related technologies to send one or more cookies or anonymous identifiers to your device to collect and store information about your visit and use. We treat information collected through cookies and other technologies as non-personal information. However, if local law treats Internet Protocol (IP) addresses or similar identifiers as personal information, we also treat those identifiers as personal information. We use cookies and similar technologies mainly to achieve the following functions or services:

### 1. Ensure the safe and efficient operation of products and services

We may set cookies or anonymous identifiers for authentication and security, so that we can confirm whether you are safely logged in to the service, or whether you have encountered illegal acts such as theft or fraud. These technologies also help us improve the efficiency of our services and improve login and responsiveness.

### 2. Helps you have an easier access experience

Using such technologies can help you save the steps and processes of repeatedly filling in personal information and entering search content, such as implementing a one-click login process and recording search history.

### 3. Log files

Like most websites, we collect certain information and store it in log files. Such information may include Internet Protocol (IP) addresses, browser type, Internet Service Provider (ISP), referring/exit pages, operating system, date/time stamp and/or clickstream data. We do not correlate automatically collected log data with other information we collect.

### 4. Mobile Analytics

In some mobile applications, we use mobile analytics software to better understand how our mobile software functions in your phone. This software may log information such as how often you use the app, events that occur within the app, cumulative usage, performance data, and where app crashes occur. We do not associate the information stored within the analytics software with any personal information you submit in the mobile application.

### 3. How to query, update, change, export, delete your information

Under the laws of certain jurisdictions:

1. When you use our products and services, you will be required to provide your real personal information. You should be responsible for the authenticity, legality, validity and completeness of the information you provide, and update and maintain your personal information in a timely manner. personal information to ensure the authenticity, legality and validity of the information. You can manage your personal information, such as your personal account registration information, at any time.

2. Through the design of the interactive interface, we provide you with a channel for accessing, querying and correcting relevant personal information by yourself. You can set it in the following ways:

- 2.2.1 You can access and correct your personal data, including avatar, nickname, gender, etc., through "My/Personal Center" – "Settings Button" – "Personal Information";

2.2.3 You can view the privacy agreement through "My/Personal Center" – "Settings Button" – "Privacy Policy" in the upper left corner;

### 3. Withdrawal of consent

You may revoke consent previously granted to us for specific purposes, including the collection, use and/or disclosure of your personal information in our possession or control, by submitting a request. According to the specific service you use, you can perform related operations by visiting the account management center of this product or by sending an email to firesaur@163.com. We will process your request within a reasonable time after your request and will, in accordance with your request, no longer collect, use and/or disclose your personal information.

Depending on the extent of your withdrawal of consent, it may prevent you from continuing to enjoy the products or services of this product. However, your decision to withdraw your consent or authorization will not affect the validity of our previous personal information processing activities based on your consent.

### 4. How we protect your personal information

1. We strive to provide security for users' information to prevent information leakage, loss, improper use, unauthorized access and disclosure, etc. We use multi-faceted security protection measures to ensure that the protection of users' personal information is at a reasonable level of security, including technical protection means, management system control, security system guarantee and many other aspects.

2. In order to protect the security of your personal information, we will strive to take various industry-standard security measures to protect your personal information to minimize the loss, damage, theft, disclosure, unauthorized access, use of your personal information, disclosure and alteration risks. We will use various security protection measures to ensure the security of information within a reasonable security level, including: (1) Use encryption technology (such as TLS), anonymization, etc. to ensure that your data remains private during transmission; (2) provide a variety of security features to assist you in protecting the security of your account; (3) review our practices (including physical security measures) in the collection, storage and processing of information to prevent unauthorized persons from accessing our (4) All employees, contractors and agents who have access to personal information in order to provide services must abide by the strict confidentiality obligations stipulated in the contract, otherwise they will be punished or terminated; (5) We establish data The classification and grading system, data security management specifications, and data security development specifications are used to manage and regulate the storage and use of personal information to ensure that no personal information unrelated to the services we provide is collected.

3. Your account has security protection functions to ensure that your information is not lost, abused and altered. Although the above reasonable and effective measures have been taken and the standards required by relevant laws and regulations have been complied with, please understand that due to technical limitations and various malicious means that may exist, in the Internet industry, even if we do our best to strengthen security measures, It is not always possible to guarantee 100% information security and we will do our best to ensure the security of the personal information you provide to us. You acknowledge and understand that the system and communication network you use to access our services may have problems due to factors beyond our control. Therefore, in order to prevent the occurrence of safety accidents, we have formulated appropriate early warning mechanisms and emergency plans in accordance with laws and regulations. If a security incident does occur, we will choose to inform you of the relevant situation by email, telephone, etc. in a timely manner. When it is difficult to inform the subject of personal information one by one, we will take a reasonable and effective way to publish an announcement.

At the same time, we will proactively report the handling of personal information security incidents in accordance with the requirements of regulatory authorities, and closely cooperate with the work of government agencies. At the same time, we strongly recommend that you pay full attention to the protection of personal information when using products and services, and take active measures to protect the security of personal information, including but not limited to using complex passwords, changing passwords regularly, and not disclosing your account password and other personal information. to others. We also provide various security features to help you keep your personal information safe.

4 We strictly limit the scope of personnel who access information, require them to comply with confidentiality obligations and conduct audits, and those who violate the obligations will be punished according to regulations. We also review this management system, process and organization to prevent unauthorized access, use or disclosure of user information. We recommend that you pay full attention to the protection of personal information when using products and services, and we will also provide a variety of security features to help you protect the security of your personal information.

6. What can you do?

You can do this by not disclosing your login password or account information to anyone (unless that person is duly authorized by you), and at any time, please do not disclose the verification code you receive to anyone. Whenever you log in as an account user of this product, especially when logging in on someone else's computer, mobile phone or public Internet terminal, you should always log out at the end of use.

This product is not responsible for security omissions caused by third parties accessing your personal information due to your failure to keep your personal information private.

Notwithstanding the foregoing, you should notify us immediately of any unauthorized use of your account by any other Internet user or any other security breach.

Your assistance will help us protect the privacy of your personal information.

#### 5. How do we process personal information provided by minors

1. We treat anyone under the age of 18 as a minor, and we attach great importance to the protection of minors' information. In e-commerce activities, we presume that you have the corresponding capacity for civil conduct. If you are a minor, we require you to ask your parents or guardians to read this Privacy Policy carefully and under the guidance of your parents or guardians, and to use our services or provide us with information with the consent of your parents or guardians.

2. For the use of our products or services with the consent of parents or guardians to collect personal information of minors, we will only obtain the consent of the guardians to the extent permitted by law, or in accordance with local laws, or to protect minors and use or disclose personal data about minors.

3. We believe that it is the parent or guardian's responsibility to monitor children's use of our products or services. We do not provide services directly to children, nor do we use children's personal information for marketing purposes. If you are the parent or guardian of a minor, when you have questions about the personal information of the minor under your guardianship, or think that the minor has submitted personal information to this product, please refer to the eleventh of this Privacy Policy Contact us using the contact information listed in the article.

#### 6. How do we share, transfer and publicly disclose your personal information

##### 1. Share

We do not sell any personal information to third parties.

From time to time, we may share your personal information with third parties in order to provide or improve our products or services, including to provide products or services at your request. If you no longer want us to share this information, please contact us at [firesaur@163.com](mailto:firesaur@163.com).

## 1.1 Shares You Actively Choose

Share information within the scope of your authorization/request with third parties you designate with your explicit consent or active choice. For example, you can use this product account to quickly log in to a third-party website or APP.

At present, the third-party service providers we access mainly include the following types:

1. Used to pay for related services, including membership activation, order payment, etc.;
2. To obtain device location permissions, collect device information and log information, etc. with your consent;
3. For third-party authorized services, including third-party account login, sharing relevant content to third-party products, etc.;
4. For advertising-related services, including advertising display, advertising statistics and monitoring, etc.;
5. It is used to optimize product performance, including improving hardware distribution network capabilities, reducing server costs, and hot-fixing functions;
6. For account security, product reinforcement related services, including network monitoring, domain name resolution, anti-hijacking, anti-spam and anti-cheating, encryption and decryption services, etc.

We will only share your information for legitimate, necessary and specific purposes. For third-party service providers with whom we share information, we will require them to fulfill relevant confidentiality obligations and take corresponding security measures.

Third party social media or other services are operated by the relevant third party. Your use of such third-party social media services or other services (including any information you provide to such third parties) is subject to the third party's own terms of service and information protection statement (not this policy), and you need to carefully Read its terms.

This policy applies only to the personal information we collect, and does not apply to any third-party services or third-party information usage rules. If you find that these third-party social media or other services are at risk, it is recommended that you terminate the relevant operations to protect your legitimate rights and interests.

### 1.3 Others

According to the requirements of laws and regulations, legal procedures, lawsuits and/or requirements of public agencies and government departments, it may be necessary for this product to disclose your personal information. We may also disclose information about you if we determine that disclosure is necessary or appropriate with respect to national security, law enforcement, or other matters of public importance.

If we determine that in order to enforce our terms or to protect our operations, rights, assets or products, or to protect users, or for the purpose of (detecting, preventing and addressing fraud, unauthorized use of products, violations or other harmful or illegal activities) disclosure is reasonably necessary, and we may also disclose information about you. (For the avoidance of doubt, to the extent and only as expressly permitted by local data protection laws, this product will collect, use or disclose your personal information without your consent.) This may include reporting to Provide information to public or government agencies; communicate with third-party partners about the reliability of your account to prevent fraud, violations, and other harmful conduct on and off our products.

### 1.4 Transfer

Except for the following circumstances, this product will not transfer your information to any subject:

- Obtain your express consent;
- If this product is involved in a merger, acquisition or sale of all or part of its assets, we will notify you via email and/or post a prominent notice on our website of any changes in ownership, use of your personal information, and any changes you may have any choices about your personal information.

## 7. Storage of information

### 1. Where the information is stored

We store information obtained from within the People's Republic of China within the People's Republic of China. In the event of cross-border data transfer, we will separately inform you of the purpose and recipient of the data going abroad by in-site letter or email, and obtain your authorization and consent. We will strictly abide by Chinese laws and regulations to ensure that data The recipient has adequate data protection capabilities to protect your personal information.

## 2. Duration of Information Storage

We are committed to always store your personal information for a reasonably necessary period in accordance with the law. After the above period, we will delete your personal information.

When our products or services stop operating, we will notify you in the form of push notifications, announcements, etc., and delete your personal information within a reasonable period.

## 8. Third-party service providers

1. To facilitate your access and enrich your experience, there may be products or services provided by third parties. You can choose whether to access such content or links, or whether to use such third-party products or services. However, we have no control over the products or services offered by third parties. We have no control over any of your personal information held by third parties. Your information protection issues in the process of using third-party products or services do not apply to the management of this policy. This Policy also does not apply to any information you choose to provide to third parties at your own discretion. Please review the third party's privacy policy.

## 9. Update of this policy

1. We may revise and update this privacy policy from time to time. Regarding the update of the privacy policy, we will publish it in the form of notices and announcements in this product. You can visit this product to check the latest version of the privacy policy. For material changes, we will give you a solemn notice (including for some services, we will send a notice by email explaining the changes to the Privacy Policy).

## 10. Scope of application

1. Our privacy policy applies to all services provided by the company, including services provided on APPs and websites, but does not include services with independent privacy policies (such as products and services provided by third parties).
  
2. Our privacy policy does not apply to products and services provided by third parties, such as products and services provided by third parties on this product, and other websites linked to in our services, these products, services or websites There will be an independent privacy policy to regulate, please check the corresponding policies separately.
  
3. Our Privacy Policy does not cover the information handling policies of other companies and organizations that advertise our services and that may use our cookies or other log information to serve and use advertisements.
